EDUCATION

Bachelor of Computer Science (Honours) Coop

University of Windsor – Windsor, Canada

Expected Graduation Date: June 2023

EXPERIENCE

Google Software Product Sprint (SPS)

2021.02 – 2012.05

Virtual Program (CURRENT)

Personal Web Portfolio - <https://msaka-sps-spring21.appspot.com/>

- Currently working to develop my full and functioning web portfolio using HTML, CSS and JavaScript hosted through google app engine. Using Java Servlets for server-side dev. Using Google Datastore as a NoSQL Database structure.
- Plan to work with my team to develop a software application of our choices before the end of the program.

Google Computer Science Summer Institute (CSSI)

2019.07 – 2019.07

Detroit, Michigan

Resume Builder - <http://portfoliobuilder.appspot.com/>

- Received training from Google Engineers on Python, JavaScript, HTML/CSS and Google App Engine in preparation of university studies.
- Used Python during the program to develop the backend of the final project to manage data, POST and GETS requests efficiently.

Website Manager

2018.09 – 2019.08

Holy Names High School, Windsor

School Website - <https://sites.google.com/mytools2go.ca/hnh/home>

- Volunteered to help a community high school to build and manage the website using a CMS software, Google sites with other API's to implement countdowns.
- Managed the jobs available and equally distributed it to the team of 3 for a well organised work.

Final Freshman Project

2018.09 – 2019.08

University of Windsor

Cash Register Simulator – GitHub Repo

- Used C standard file I/O's to successfully read data from flat files into the program
- Able to produce customers receipts, inventory updates and end-of-the-day sales report for the company.

TECHNICAL SKILLS : HTML, CSS, JavaScript, OOP, Python, Java, C, Bash Scripts
